Dear Parent/Carer

KS3 Technology Contribution

Your child will be taking part in practical lessons in Technology in KS3. They will undertake termly rotations in Food, Textiles and 3D Design. As part of the curriculum, we aim to create practical outcomes which your child will be able to keep. This may be a 3D product, textile item or food product.

To support the practical element of the Technology curriculum, we are asking for a voluntary contribution of £8 per student for the year. This can be paid in full, or in two instalments of £4.

If you are able to support your child through the provision of a contributions, please make the payment of £8.00 on Parent Pay. If you are unable to make this payment or have any questions about our request, please do not hesitate to get in touch via email to zas@buttershaw.net

Thank you in advance.

Yours sincerely

Z Asghar
