

GEOGRAPHY ON TOUR! EASTER 2017 -East Coast Tour - United States of America!!

New York – New York and Boston – Massachusetts - 7 Days – 5 Nights

Dear Student / Parent,

BBEC and its Geography Department are committed to providing the very best opportunities for furthering our students' knowledge of the World we live in. To ensure that as many students as possible are able to join us on this awesome journey, we are planning for **Easter 2017 now!** This will allow an easy staging of payments for all those interested!

The tour will begin with a flight to NEW YORK, after settling into our Midtown Manhattan Hotel for our first 3 nights of our awesome vacation! We will be taken on a sightseeing tour of USA's most iconic city! We will take in wonderful picturesque views of Central Park and the Empire State Building from The Top of The Rock. A cruise to the Statue of Liberty and Ellis Island. A visit to the 9/11 memorial and museum. Walking tour of Times Square, Grand Central Station, Brooklyn Bridge, Central Park, Dylan's Candy Bar and shopping at Bloomingdales and Fifth Avenue! The tour also includes all evening meals [5] at various high profile restaurants such as Hard Rock Café, Planet Hollywood and similar in Times Square.

Next on our epic tour is the state capital of Massachusetts – BOSTON, we will arrive by coach at the Midtown Hotel for two nights, which will allow us to discover the very best of one of the USA's most beautiful cities! We will follow the Freedom Trail, taking in the route of Paul Revere's famous midnight ride, while we will take a ride on an Old Town Trolley around the City, view Boston's most famous sites of Fenway Park and MIT while also sampling the delights of Quincy Market.

All transfers and accommodation are included in the price. The cost of this 'once in a lifetime' opportunity is **£1360**.

If you are interested in this truly incredible lifetime experience, I am looking for a **deposit of £100**, to be paid in October / November, which will secure a place. This deposit initially will be refundable, as we will require a minimum of 40 students to enable this venture to proceed. Previous experience suggests this trip will be oversubscribed.
