17 November 2021

Dear Parent

I am writing to inform you of the upcoming assessment period for year 9. These series of exams are very important in enabling us to measure your child's progress this year. The exams will also identify any areas which students find difficult, which can then be addressed.

The Year 9 assessments will take place the week commencing **29th November**.

During this exam period subjects will also be carrying out examinations within lesson; the time and dates of these will be confirmed by each of your child's teachers and they will write details in their planner. In order for your child to be as prepared as possible, each department will be offering revision 'learn sheets' which will be given out during lessons and will act as a revision guide for your child. These 'learn sheets' will also be available on the school's website and on Teams. [Year 9 - Buttershaw](#).

Preparation at home is a very important way of ensuring that your child feels confident entering into the assessments and will maximise their chances of exceeding their target grades. We will be helping students plan their revision and students should now be revising at home. Students should be spending approximately doing revision in chunks of time regularly and revisiting key content more than once. We, as a school, would really appreciate your support in ensuring that your child completes this essential preparation at home in the build up to this exam period. Please ensure that your child comes to school with all the necessary equipment to be successful during these exams including calculators for maths and science lessons.

You will receive your child's results on **Friday 17 December** and we look forward to inviting you to discuss these and your child's overall progress at school at Year 9 parents' evening on **Wednesday 12 January 2022**. More details about how to book onto parents' evening will be sent out in due course.

Thank you for your ongoing support.

Yours sincerely,

S Warrington
