

NATIONAL BOOTSCAMP

SPEAKERS
for schools

Opening personalised pathways for young people into Boots and beyond, through a virtual journey of experiences, skill building and mentoring.

Your school has been specially selected by Boots UK to take part in their one of a kind work, multi-stage, multi-level work experience! You will meet with Boots' experts and mentors to boost soft skills and confidence, whilst taking part in a range of interactive online tools such as video tours, polls and virtual whiteboards.

See the next generation of technologies that are transforming Boots services, from drones that deliver medicines to virtual reality make up consultations.

Hear how Boots are working sustainably to hit net zero carbon emissions and meet the United Nations initiatives to build a better world.

Feel the community care Boots offers around the UK to cancer patients, Covid cases and the amazing teams that work to reach those who are isolated.

The programme is running once a month for 2 hours after school/college from March – July 2022, concluding with an awards ceremony where you will be recognised by Boots for your contributions and receive a certificate.

EXCLUSIVE INVITE FROM BOOTS

If you are interested in this bespoke, unique and exclusive opportunity please follow the link [here](#), complete your details and we will be in touch with next steps.

If you require any further assistance or have any questions about the experience, please email:
