Dear Parents/Carers

Year 10 Exam Week 5-9 December

I hope that you and your family are well. We have been pleased to see our Year 10 students make a good start to their GCSE and BTEC courses.

It is now the time of year when we assess the progress students have made; students will be assessed in all subjects.

Exams will assess work covered in class and at home since September; teachers constantly recap work in lessons but will also lead some revision lessons before the exams. Each department will provide learn sheets, which cover the key information which students need to learn. The learn sheets and other revision materials will be provided to students in lessons, and will also be available on the school website.

Students must make sure they have the correct equipment with them – as a minimum: two black pens, pencil, ruler, rubber and calculator for maths and science exams.

Please make sure that your child understands the importance of these exams and is preparing properly for them. Teachers will be explaining to the students what form the exam will take, what they will have to do, what they must learn and how best to revise.

Please do not hesitate to contact me at school if you require any further information.

Yours faithfully

S Warrington
